### Low Back Pain VA/DOD Clinical Practice Guideline

Kantatan A.  
Department of Veterans  
Affairs Medical Center  
Marion, Illinois

The guideline developed by the coordinated efforts of the Veterans Health Administration (VHA) and the Department of Defense (DOD) will be presented. The working groups consist of panels of interdisciplinary experts and consultants based on scientific and extensive article research.

The ultimate goal is to provide guidance for the management of low back pain and sciatica in the primary care setting using evidence - based management to verify improved clinical outcomes.
